170.315 (g)(6): Consolidated CDA Creation (**Cures Update**)

170.315 (g)(7): Application Access - Patient Selection

170.315 (g)(9): Application Access - All Data Request (**Cures Update**)

170.315 (g)(10): Standardized API for Patient and Population Services (**Cures Update**)

170.315 (h)(1): Direct Project

Clinical Quality Measures for which TRAKnet 4 Has Been Tested and Certified:

CMS123v7: Diabetes: Foot Exam

Additional Software TRAKnet 4 Relied Upon to Demonstrate Its Compliance:

MedlinePlus Connect, Updox Direct 2014, Surescripts ePrescribing, LexiComp (Wolters Kluwer), Windows Operating System

Additional types of costs that a user may be required to pay to implement or use TRAKnet 4's capabilities, whether to meet meaningful use objectives and measures or to achieve any other use within the scope of the health IT's certification:

There is a one-time setup fee and monthly subscription fees for the EHR. The monthly subscription fees include all modules required for meeting Meaningful Use objectives. Although there are no fees associated with exporting data from the EHR using the certified "data export" functionality, users may incur development fees for data exports that require data modification or customization. There are no limitations that a user may encounter in the course of implementing and using the Certified Health IT's capabilities, whether to meet meaningful use objectives and measures or to achieve any other use within the scope of the health IT's certification.
